

## STUDENT CHAPTER OF SIAM MAGDEBURG

### 7th Nerd Nite - Outdoor Edition

05.07.2017 - Being a nerd means to dive head first into fascinating topics! These don't necessarily have to include computers, comics and science in a dark basement. Indeed, it can be about very interesting forms of sports in open nature!

In the **7th Nerd Nite Magdeburg - Outdoor Edition** three speakers share their passions with us. Instead of hanging out in a cozy bar, we use the summer and take the event outdoors on the university campus. This makes live demonstrations possible!
